Dear Sir or Madam:

This letter will serve as a 30 day notification pursuant to Section 6 of the Dietary Supplement Health and Education Act of 1994 that NBTY Inc. is using the following statements on our Evening Primrose Oil supplement:

Gamma-Linolenic Acid is a precursor to prostaglandins, action-specific biomolecules (OR chemical substances) that regulate many important functions in cells.

Gamma-Linolenic Acid is a precursor to prostaglandins, chemically active messengers produced by the body when needed.

Gamma-Linolenic Acid is a precursor to prostaglandins which help decrease the stickiness (OR clumping) of platelets in the blood.

The above statements are accompanied by the required disclaimer pursuant to Section 6 of the Dietary Supplement Health and Education Act.

Sincerely,

Ona Scandurra, MS, RD
Nutritionist
